SOUTH SAN FRANCISCO, SAN MATEO COUNTY, CAL., FRIDAY, MAY 30, 1919.

NO. 22

REPRESENTATIVE TAXPAYERS TO SUPPORT BOND ISSUES

**Unified Committee of Business Men, Wage Earners
and Factory Officials Will Make Educational
Canvass of Entire City to Promote
Improvements**

A representative gathering of merchants, wage earners, factory officials and professional men at a meeting of the Chamber of Commerce on Tuesday evening enthusiastically endorsed the proposed bond issue for the building of a city hall, fire alarm system and sanitary sewer system, for which an election will be held on Tuesday, June 1. After a pertinent discussion of several features of the bond issue, during which Mayor Holston and Trustees Cunningham and Eschelbach were called upon for further information, those present organized themselves into a unified committee and pledged their individual services to conduct an educational booster campaign to better familiarize the voters with the many advantages which would accrue to the city and the taxpayers because of the improvements.

The members of the Chamber of Commerce present at the meeting included the city's heaviest taxpayers, and numbered among them were those upon whom the cost of the much-needed improvements would fall most heavily.

City Attorney J. W. Coleberd, speaking of the increased tax rate which would follow as a result of the bond issue, stated that many of the taxpayers had been led into a false impression. "Three dollars and twelve cents on an eight-hundred-dollar valuation will be the amount for the first year, and this amount will be reduced annually until the bonds are retired," was the statement made by the City Attorney.

Fire Alarm Needed.

Speaking on the advantages of a fire alarm system, Andrew Hynding gave a specific instance where insurance premiums on peninsula property had been reduced because of added fire protection provided that particular community.

Fire Chief Truax gave several illustrations of the danger of dependence upon telephonic fire alarms, quoting one instance where an alarm of fire was given with the city of San Bruno as a location, when the facts were that a serious fire had broken out on San Bruno road in this city. The error in transmitting the location caused a

fifteen-minute delay in the chemical reaching the scene of a serious hotel fire.

City Districted.

A thorough educational canvass of the city will be made by the committee in the following districts assigned them:

District One: All the city west of Orange avenue—Dr. F. S. Dolley and Andrew Hynding.

District Two: Between Magnolia and Orange avenues—W. H. Dinning, Al. J. Eschelbach, E. Brawn.

District Three: Between Spruce and Magnolia avenues—F. A. Cunningham, S. Nieri, Dr. J. C. McGovern.

District Four: Mrs. Devito, Mrs. Winterhalter, J. W. Coleberd, John Costa.

District Five: Grand avenue south, between Maple and Linden—E. E. Cunningham Charles Guidi.

District Six: Grand avenue north, between Maple and Linden—D. W. Ratto, E. C. Peck, J. G. Walker.

District Seven: North of California, between Linden avenue and San Bruno road—John Fischer, G. W. Holston.

District Eight: California to Grand, between Linden avenue and San Bruno road—Henry Haaker and Ambrose McSweeney.

District Nine: South of Grand avenue, between Linden and Railroad avenues—C. C. Conrad, E. P. Kauffman.

District Ten: Peck's Lots—Ben. H. Truax.

E. C. Peck, J. G. Walker and Ambrose McSweeney were appointed a committee of three to arrange for automobiles to bring the voters to the polls on election day.

Endorse Salary Increase.

The petition of the teachers in the schools of South San Francisco asking for an increase in salary, in addition to the amount allowed by the Board of Supervisors of San Mateo county, was unanimously endorsed by the Chamber of Commerce, all members present individually signing the petition. The secretary was instructed to advise the Board of Supervisors of the action of the Chamber of Commerce.

NAKED COLORED MAN FRIGHTENS CHILDREN

Children on their way to school one day last week were frightened by an unknown man in the ranching section at the lower part of the city. According to the children, the man was roaming the neighborhood entirely naked and made several advances to them.

The matter was reported to the police department, who investigated, but could find no trace of the supposedly demented man, who, the children say, was colored.

NUPTIALS.

Announcement is made of the marriage of Niclos Jeffrick to Mrs. Jubenina Dann. The couple were united in wedlock at San Jose on May 8.

Ask your banker why you should vote for the city hall, sewer and fire alarm bonds.

VARIED PROGRAM PLAN OF MEETING

Motion Pictures, Musical Numbers and Other Features in Addition to Speeches on Bond Issue.

A tentative program for the mass meeting to be held at the Royal Theatre on Thursday evening, June 5, for a public discussion of the coming bond election has been arranged by the committee in charge. The theatre has been donated for the evening by Al J. Eschelbach, and a number of prominent speakers have been engaged to give brief addresses on various phases of the proposed bond issue.

Tax Collector Ambrose McSweeney will preside at the meeting, the principal speaker of the evening being William Locke, editor of California Municipalities, and an authority on civic improvement work. Werner and Coffey, the architects who drew the city hall plans, will explain the architecture of the structure and how it is designed to not only meet the present needs of the city, but to care for future growth.

Judge E. E. Cunningham will speak on the question of fire insurance, fire protection and the advantages of the fire alarm system. The subject of taxation has been assigned to City Clerk William J. Smith, and Stephen S. Nyland, president of the Steel Workers' Union, will cover the wage earners' side of the bond issue.

A program of music and general entertainment will be interspersed between the addresses, Miss Viola Hein, Miss Helen Carmody and Mrs. Henry Hyland having already volunteered their services for instrumental and vocal numbers.

Manager Eschelbach will provide several suitable motion picture reels which will be screened during the course of the evening.

There will be no admission charge and the public is cordially invited to attend as guests of Chamber of Commerce. Children will not be admitted.

REDWOOD BOND ISSUES CARRIED

Governor Signs Eksward Bill Increasing Pay of Courthouse Aides at Redwood City.

CHILD INJURED WHEN STRUCK BY AUTO

Three and One-half Year Son of Mrs. R. Filippo Suffers Severe Contusions in Accident.

Bronco Bledi, the little three and one-half year old son of Mrs. R. Filippo, 422 Railroad avenue, while playing in the street on Baden avenue on Tuesday, was struck by an automobile and knocked to the pavement, suffering severe contusions about the face and head. Jack Bonalanza, the first one to reach his side, picked the child up in his arms and assisted in lifting him to the automobile, which rushed him to the hospital, where an X-ray examination by Dr. Dolley disclosed that the child had not been severely injured.

The mother witnessed the accident and fainted as a result of the shock.

When seen at her home on Thursday by a representative of The Enterprise, Mrs. Filippo stated that she felt some concern for the boy as he had refused to eat and complained of severe pains in his head. The name of the driver of the machine was not learned.

COUNTY EMPLOYEES GET WAGE RAISE

\$120,000 Worth of Local Improvements Voted by Electors of Peninsula City.

The people of Redwood City showed their confidence in the board of town trustees by voting overwhelmingly in favor of all five propositions submitted to them Tuesday to incur a bonded indebtedness amounting in the aggregate to \$120,000 for the purpose of carrying out certain necessary municipal improvements. Proposition No. 1, providing for the construction of the new sewer outfall and pumping plant, carried by the biggest vote, 4 to 1, and the other four propositions carried by majorities of from two and a half to one and three and a half to one.

The total vote cast in the four consolidated precincts was 552, out of a total registered vote of 1553, about 35 per cent, which is considered large for a bond election. The largest vote polled was at the fire house on Main street, where 195 men and women exercised their privilege. Precinct No. 4, at the Woman's Clubhouse on Clinton street, rolled up the biggest majority for all the propositions, five to one for No. 1, the outfall sewer, and four to one for the others. Up to 4 o'clock in the afternoon it looked like a very small vote was going to be cast in all the precincts, but from that hour on until 7 there was a steady pouring of people to the polls, the voting being particularly heavy between 6 and 7.

SUPERVISORS APPOINT ELECTION OFFICERS

The Board of Supervisors at the regular meeting held on Monday, May 19, selected the following persons to serve as election officers in South San Francisco for the \$40,000,000 State highway bond election on July 1, 1919:

South San Francisco Consolidated Precinct No. 1—Polling place, Fraternal Hall, Grand avenue. Inspector, Mary McGraw; judge, Emma Vaccari; clerks, Joseph F. Castro and Emma Meyers.

South San Francisco Consolidated Precinct No. 2—Polling place, City Hall, Linden avenue. Inspector, Fred A. Carmody; judge, Ethel Davidson; clerks, Elizabeth M. Dukeman and Edward Farrell.

A vote for the sewer bonds is a vote for the health of the workingman.

HUNTERS POINT BILL IS NOT SIGNED

GOVERNOR PERMITS RECLAMATION MEASURE TO DIE BY PROCESS OF POCKET VETO AT MIDNIGHT TUESDAY.

Senate bill No. 105, a measure which would have meant much to the development of San Francisco's peninsula and San Mateo county, failed to receive executive approval of Governor Stephens and went unpassed along with other bills calling for appropriations aggregating \$2,780,011.48 when it was left unsigned on Tuesday at midnight, the time at which executive measures passed by the Forty-third Legislature expired if they had not been signed by the Governor.

The bill originally called for an appropriation of \$50,000 for the surveying of tide lands adjoining and the leveling of Hunters Point. The appropriation asked was reduced to \$25,000 by the Ways and Means Committee of the Senate, and practically every civic and commercial body of San Francisco endorsed the project, which was sponsored by the Civic League of Improvement Clubs and Associations.

At the eleventh hour a committee, consisting of George Ehrhard, secretary of the Civic League, and Senators Scott and Canepa, the latter the father of the bill, made every effort to secure its passage, but the chief executive of the State saw fit to let it die by "pocket veto." The Governor signed eighty-one measures on Tuesday.

WESTERN MEAT MEN STAGE GOOD SHOW

Boxing, Vaudeville, Music and Wrestling Amuse at Clubhouse Under Auspices of Y. M. C. A.

Boxing, wrestling, vaudeville and piano selections entertained employees at the Western Meat Company's clubhouse last Tuesday evening.

The surprise of the evening came in the closing seconds of the third round of the boxing bout between Andres and Reves of the Y. M. C. A. The first two rounds were fast, but neither had the advantage. In the third round Reves feigned exhaustion, and Andres dropped his right guard. Reves suddenly pivoted and connected squarely with Andres' jaw, and the lights were out for some few minutes as far as Reves was concerned.

Sosnovski of the Y. M. C. A. threw Kuluee of South San Francisco with a scissors hold in two minutes. This was the best of the wrestling bouts.

Henry Costa and Murray of the shipyards closed the program with a very fast boxing exhibition. Both are local boys. Following is the complete program:

Piano, Alex James; duet, Freddie Lee and La Rosa; boxing (three rounds), Kid Costa and Bobby Denon; boxing (three rounds), Fred Lee and Barney La Rosa; piano classics, Miss Hein; wrestling, Stover and Maesler of the Y. M. C. A.; boxing, K. O. Rodgers and Monomee; the Sparconi vaudeville trio; wrestling, Sosnovski and Kuluee; boxing, Andres and Reves; boxing, H. Costa and Murray. Next show, June 10.

The heaviest taxpayers are all in favor of the bonds.

**ORGANIZE CLINIC AT
RED CROSS HOSPITAL**

A step of great importance to the public health of this county was taken recently when the Red Cross Hospital of San Mateo and the Welfare and Public Health Nursing Service arranged to jointly maintain a patient's medical clinic, to be known as the Out Patients' Clinic of the Red Cross Hospital. The hospital board sanctioned the use of two of its rooms for the establishment of this work, and it was decided that the professional care of patients and the assignment of nurses should be in entire charge of Dr. Chidester. The management under his general direction will be undertaken by a small committee appointed jointly by these two organizations, and each will contribute according to its ability to the support of the clinic.

The hospital has newly painted two rooms for this purpose and has already gathered together most of the equipment. The remainder has been ordered by the Welfare and Public Health Service and upon its arrival the clinic will be actively opened.

Vote for the Bonds

The town that has an ambition to advance, build up, spread out and prosper should first of all devote all of its energies to the fullest possible development and improvement of the town, not alone from civic pride, but as a matter of self-interest.

The present great consideration in South San Francisco's growth and development is the passage of the bond issues for which an election will be held on June 10. The city hall is necessary and essential, and there seems little doubt in the minds of those most closely in touch with the sentiment of the voters that the issue will carry.

Conditions surrounding the wage earners in the factories, the men who are the backbone and sinew of the community, are deplorable from a sanitary standpoint. Not alone are the men themselves liable to disease because of these conditions, but there is the constant menace of their bringing these same diseases to their homes and wives and children. It is incumbent upon every voter to see that above all things the bond election for the providing of a sanitary sewer system is carried. The man who stands in the way of the passage of the sewer bonds is an incipient encourager of epidemics; and having recently passed through one we know the sorrow and death and disaster which they carry in their wake.

Arguments for the fire alarm system are superfluous. The present method of transmitting an alarm of fire in a community of this size is ludicrous. It is only by the greatest good fortune that a portion of the city has not been devastated by fire. The saving on fire insurance premiums will pay the interest on the bonds for the fire alarm system—provided the fire department has proper headquarters.

Vote for the bonds.

LOS ANGELES TO HAVE \$12,000,000 STEEL PLANT (?)

Los Angeles, May 26.—That Eastern capitalists will erect a \$12,000,000 steel plant in Los Angeles and that Alaska coal will probably be used for smelting purposes, was the assertion of B. S. Young, secretary of the Southern California Industries Association. In an address before the 100 Per Cent Club at 527 South Spring street, Mr. Young also predicted that before the close of the year several large cotton mills would be underway either in this city or at the harbor.

It is known that there is a mountain of best-grade iron ore in Riverside county," said Mr. Young. "The only thing that has held back development has been the high cost of coal. Latest reports are that the company which intends to erect a large steel plant here is planning to put on a ship and barges to bring in coal from Alaska. The matter has been gone into carefully, and it is asserted that Alaska coal can be delivered at Los Angeles harbor for about \$5 a ton."

COUNTY OFFICERS VISIT OFFICE OF "ENTERPRISE"

County Clerk Elizabeth M. Nash, Probation Officer George Rapp, Mr. and Mrs. Clement Nash and their little daughter were pleasant visitors at The Enterprise office on Saturday last.

Mrs. Nash reports that the office of the County Clerk is particularly busy at this time because of the coming \$40,000,000 highway bond election.

The efficient manner in which the County Clerk's office continues to be conducted demonstrates the wisdom of the Supervisors' appointment of Mrs. Nash.

STEEL TRADE MAKES GAINS TOWARD NORMAL

The steel trade was more active last week than during any time since the spurt late in March, when the new prices of the Industrial Board were hung up for public inspection. The situation is better contained than it has been for a long time and producers state that they are well pleased at the improvement already made and hope for still better conditions during the last half of the current year. The lines which seem to be active at present are said to be sheets, wire products, oil country goods, plates and structural. This is a great improvement compared with two months ago when, aside from the call for sheets from automobile makers, the general market was very quiet.

The steel situation gained much recently, but producers are confident that in the months to come and particularly during the last half of the current year the gains which will be recorded will dwarf all past improvement since the war closed. A demand from overseas interests is looked for in equipment lines, and this belief is borne out by reports from different foreign interests. The signing of peace is generally regarded as the pivotal point in the export situation. Implement makers are expected to be large buyers of steel within a short time. That the producers are watching the moves of the consumers is evident in the apparent unwillingness of some manufacturing interests to quote prices on shipments during the last half of this year.

We must go forward or backward. We cannot stand still. The new city hall will be a big step forward.

Protect your children from possible disaster. Vote for the fire alarm system.

Y. W. C. A. UNIFORMS TO CLOTHE STUDENTS

Suits Worn by War Workers Will
Be Given to Penniless Students in Switzerland.

Official uniforms of the Young Women's Christian Association minus the Blue Triangle, the Association insignia, will be worn next winter by women students who have been stranded in Switzerland during the war and who, because of lack of funds, inability to re-enter their native country, a desire to finish their university courses or because they have no family to which to return, will remain there next year.

Elizabeth M. Clark, who has been in Switzerland for ten years under the World Student Christian Federation, has appealed to the National Student Committee of the Y. W. C. A. for clothing for the 300 foreign women students in Switzerland. The scarcity of clothing last year among these almost refugee students made it necessary for two girls to share one coat so that only one could go to classes or go out of doors at a time.

Four large packing cases of all kinds of used clothing, save hats, which is in good condition, have been collected hastily from women college students in the New England States, Ohio, West Virginia, Pennsylvania, Maryland and Delaware by the Student Committee of the National Y. W. C. A. to be sent over in response to Miss Clark's appeal. This clothing will be dyed, cleaned and made over in Switzerland.

In addition to the clothing collected from students in colleges nearest New York a case of uniforms, which have been turned in by Y. W. C. A. secretaries who did war work, and the official gray uniform ulsters is being sent. As uniforms are being turned in by war workers they will be claimed by the Student Committee, which will remove the insignia and prepare the uniforms so that they may be worn by these women who have been forced by world events to remain in Switzerland for several years.

JUNIOR CLASS DANCE A SPLENDID SUCCESS

PROHIBITION TO BRING COMMUNITY PLAYHOUSE

Hazel MacKaye Advises Using Buildings as Centers for Drama, Community Sings and Entertainments.

Why not turn the corner saloon into a community playhouse when the law effects the closing of these gathering places, asks Miss Hazel MacKaye, director of the Department of Pageantry and Drama of the National Young Women's Christian Association?

"I went over on the West Side of New York one night recently to attend a community drama meeting," Miss MacKaye says in explaining her theory, "and as I was riding along I noticed how many saloons there were—one on every corner and another in the middle of the block, it seemed, all just blazing with lights. Those lights ought not to go out with prohibition. They ought to shine for something worth while to all of the people, and what better than community drama and singing?"

Miss MacKaye feels that the war has given a great impetus to popular interest in drama and that through pageantry and drama a great deal in the way of Americanization can be effected.

Through the community center, if it be in a district populated largely of one foreign nationality, these people could present pageants of the life in their mother countries, translating them into English, so that Americans and also the younger English speaking members of their household could understand and appreciate their traditions. American art would be greatly enriched thus through the drama of all of the nations whose peoples have settled in this country. On the other hand American ideals, American history and American festivals, even laws such as child labor and minimum wage, could be interpreted to these people by means of pageantry.

"People have been learning not only to work together, but to play together," Miss MacKaye says, "particularly since the war, when the people stood together in drives and large patriotic community entertainments. The opportunity to build up a great community organization is now at hand, and the time is ripe for it. Why not utilize the corner saloon?"

DEPARTMENT ADVISES ON PLUMBING AND CURTAINS

New Bureau Opens in Y. W. C. A. Overseas Office.

A new department of finance has been organized by the Y. W. C. A. for its work in France. Miss Constance Clark of Pasadena, Cal., is the executive. Miss Clark before her recent coming to France was director of the big Y. W. C. A. Hostess House at Camp Lewis, Washington.

All contracts, leases and rentals for new buildings will be handled by Miss Edith Austin of New York City, an experienced architect and builder, who will work through this newly created section.

Plans for remodeling and decorating rooms, clubs and hostess houses taken over by the Y. W. C. A. will be in the hands of Miss Mary Buchanan, an interior decorator, who comes originally from Scotland, but who has been working in France for the American Y. W. C. A. since the beginning of its war work there.

In addition, the department is compiling lists, suggestions and general shopping guides for all the buying of the Association in France, including all kinds of building equipment from cretonne curtains to plumbing supplies.

A cafeteria expert will have a place in the department to act as general advisor on restaurant and cafeteria projects of the Association throughout France.

In short, the department is to be more than finance alone. It is to be a kind of general advisory department and clearing house for all other departments in the French association—a department where dollars will be measured up against deeds and needs.

orated with greens and festooned streamers of yellow and black, the class colors. Japanese lanterns added particularly to the beauty of the decorations during the moonlight waltzes.

The junior class has made a splendid record this past year, and the conduct of the junior prom, strengthened the opinion in which the class is generally held. The dance was a social and financial success.

BINGVILLE BARN DANCE AN UNQUALIFIED SUCCESS

More than 2000 people passed through the doors of Fraternal Hall Saturday evening last. The Bingville Barn Dance, given under the auspices of the Moose, was the magnet which attracted scores of visitors from all sections of the county.

The dance was admittedly one of the most successful ever conducted in this city, and both floors of the auditorium were crowded to capacity by dancers and spectators.

The barnyard idea was carried out in every detail in the decorative scheme, even to the box office, which represented a large hay rick. Every imaginable variety of rural costume made its appearance at some time during the course of the evening, and added to the gayety of the onlookers.

Easy money is hard to get.

FEAR OF JAP COLONY UPSETS MENLO RESIDENTS

Menlo Park society is concerned over a report that a colony of Japanese is to be established in the center of the most exclusive private residence district of Menlo Park and Atherton.

The cause of the fear seems to be the operation of John Shearer, who has leased a large tract of the Selby estate and is employing Japanese to plant tomatoes. Shearer has been called before Judge Ray Griffin's court at Redwood City on a complaint sworn to by Matthew Harris, charging that Shearer is operating a gasoline pump day and night and disturbing the peace and quiet of the neighborhood.

Jack Pickford in "His Majesty, Bunker Bean" Tuesday at Royal

Even funnier than "The Varmint" or Booth Tarkington's famous "Seventeen," in which he has recently appeared, is Jack Pickford's newest Paramount picture, "His Majesty Bunker Bean." This is to be shown at the Royal Theatre on Tuesday, and the welcome news has just come that clever Louise Huff will play the role of the engaging young "Flapper." Others in the play are Edythe Chap-

man, Hart Hoxie and Gustav Seyffertitz. Hart Hoxie plays "The Greatest Pitcher," and Bunker Bean and the Flapper regard him as the world's eighth wonder, lending much to the fun of the production, which abounds in humorous situations and side-splitting incidents. The mummy which Bunker insists on regarding as his own former self is shown, as is the faithful dog—Napoleon—and the imitable grandmother of the Flapper.

CHECK TO BE KEPT ON ALL TRAFFIC LAW VIOLATORS

A complete record of every violation of the State motor vehicle act on the highways of San Mateo county, as reported by the traffic officers, is to be kept on file in the office of District Attorney Franklin Swart, who is at the head of the traffic police department of the county. The District Attorney has inaugurated a card system, whereby the traffic officers are to report to him at once each and every offense on the part of motorists. These cards contain briefly all the provisions of the motor vehicle act, and whenever a provision is violated it is checked and the card is sent to the District Attorney's office for prosecution or for future reference, the traffic office retaining a duplicate copy.

By means of this system District Attorney Swart hopes to minimize to a great extent automobile accidents on the highway, due largely to the carelessness and recklessness of drivers.

SANE ADVERTISING ROAD TO SALE OF PRODUCTS

If you have something to sell, let the people know about it. This was the advice given by Frederick Nelson, president of the San Francisco Advertising Club, at a weekly meeting of the Home Industry League, when the interests of the State manufacturers were under discussion.

President Nelson, one of the speak-

ers, drove home the big principle for business. "The way to push home-manufactured goods," declared the speaker, "is to advertise sanely, decently and in places where it will do some good."

"The manufacturers of California should set aside 2 per cent of their gross sales for advertising purposes and go to it intelligently and in the same manner that Eastern goods are advertised."
